

Orthopedic Rehabilitation

A gift has been given in your honor to provide orthopedic and/or rehabilitative services to a child in Tanzania. Children who live in areas with excessive fluoride in their water supplies develop bone damage and deformity to their legs so they cannot walk. Your gift means a child will now be able to walk, run, be active, and be an accepted part of his or her community.

May you feel joy this Christmas through this gift to others in need, and in God's gift to us all, Jesus Christ.
